## WORK EXPERIENCE

### NEWOWL AI | FRONTEND DEVELOPER

July 2024 - Present

- Crafted complex user interfaces using **ReactJS**, **CSS**, **Material UI**, and **Recharts**, with a strong focus on design consistency, responsiveness, and an exceptional user experience.
- Collaborated with cross-functional teams to translate **Figma** designs into pixel-perfect **ReactJS** code, authoring over **50** reusable components, pages, modules and libraries, while effectively communicating project timelines, progress, and objectives.
- Worked with the backend team to resolve data synchronization issues, integrated **RESTful APIs**, and implemented **React Tanstack Query** to enhance data fetching efficiency and application performance.
- Utilized **Git** for version control, collaborating with a team of 5 developers to manage codebase changes and ensure smooth project workflow.

## PROJECTS

### PERSONAL PORTFOLIO WEBSITE

REACTJS, SASS

- Crafted a captivating portfolio website with a seamless user experience, leveraging the power of **ReactJS**, **Sass** and an array of other **npm packages**.

### SNAPPY CHAT APPLICATION

REACTJS, MONGODB, EXPRESSJS, NODEJS, SOCKET.IO

- Snappy is a real-time chat application meticulously crafted and styled using **ReactJS** and **styled-components** library.
- Utilized **NodeJS** and **ExpressJS** to build a seamless server-side architecture for effective client-side communication.
- Implemented **socket** communication for real-time messaging and updates. Employed **MongoDB** for efficient storage and retrieval of chat messages.

### YOUTUBE CLONE AND GOOGLE CLONE

REACTJS, TAILWIND CSS

- Developed responsive YouTube clone and Google clone using **ReactJS** and **Tailwind CSS**, replicating the core functionalities and UI with great attention to detail.
- Leveraged the power of **YouTube API** and **Google API** to fetch and display real-time data.

### SOCIAL MEDIA BLOCKER EXTENSION

MANIFEST V3, HTML, CSS, JAVASCRIPT
